

DOMINATOR SAFES™

The Dominator Safes™ plate series is a very economical option for securing your valuables. With numerous security features and locking functions, including secure anchoring and secondary locking pins, plate safes are the perfect solution when fire resistance is not required.

FEATURES:

- Solid 12mm steel door and 3mm steel body construction
- Heavy duty lift off hinges with fixed plate anti-prying protection
- Secure internal bolt-down provisions
- LaGard Basic digital lock as standard
- Spring loaded reloading device
- Durable rust-protected powder coat finish
- Envelope slot for safe deposit (*PSD-1 only*)
