

Media Insert

The Chubb Safes Media Insert is designed to be used in conjunction with the 6000 and 9000 Series Record Protection Filing Cabinets.

The Media Insert has been tested in accordance to and passed the 1 hour fire resistance test, UL 72 Class 125 for data protection. The Media Insert's fire rating is only valid if used with a Chubb Safes Record Protection Filing Cabinet. The unit comes secured with a hasp and staple and a single keylock. For further information please contact Gunnebo Security or any of our Authorised Dealers.
